Bethania Kids is nurturing and equipping the children of India to change their world through Jesus' love.

Come and experience a deeper relationship with Jesus!

"God loves us. He loves us, and to show us, He died on a cross."

—MOTHER TERESA

In His love, God gives us complete freedom to enjoy all His gracious gifts. His love is unconditional—so we are free and are under no compulsion to take care of the poor. Yet, what a blessing and a privilege to be able to choose! For the love of Jesus, we exercise our freedom to reach out and impact the life of poor children who are abused, abandoned and potentially in great physical danger! ***Please join us to care for the poor, the broken, the sick and the lame, and experience a deepening relationship with Jesus!***
